You are invited to an exclusive electric garden matinee gathering to celebrate the launch of the Macan Electric. Dress in your festive-floral, garden-themed attire to join us as we unveil the future of driving with cutting-edge technology and timeless design while enjoying curated brunch bites, sparkling non-alcoholic beverages and house-made coffees, plus surprise entertainment. Together, we'll redefine the electric driving experience in a milestone occasion you won't want to miss.

Test drive the new Macan Electric during our event, or schedule an appointment at your convenience. Please contact our sales manager, Jay Douglas (517) 853-2641, with Macan Electric test drive questions.

Fall drive at the conclusion of our event: You are welcome to join our drive to the orchard and farm market, **Cottage Creek Orchard**, where you will find an array of delicious food goods and farm favorites, including - apple cider, apple cider slushies, gourmet caramel apples, hardy mums and pumpkins, one-of-a-kind gifts, and more!
